Anchored PowerSleeper™ DIN is an anchored system that fully engages the resilient pad ensuring uniform performance and increased structural stability. This system combines pre-engineered sleepers with a plywood underlayment for greater dimensional strength and stability. It is suitable for new and retrofit sports floor applications and commercial projects.
Anchored PowerSleeper™ DIN

Anchored PowerSleeper™ DIN is the perfect, traditional basketball floor where maximum performance and structural integrity are essential.

1. Precision milled Aacer Maple
2. 15/32” (12mm) NOM. APA Plywood
3. Pre-engineered Plywood Sleeper
4. EcoDIN Pad
5. Non-Squeak Anchor and Washer
