Northern Hard Maple

The Aacer Flooring Advantage

Aacer Flooring is located deep in the northwoods of Wisconsin, where the winters are cold and long. It's the perfect combination for producing truly exceptional hardwood. Unparalleled quality, rich consistent color and tight grain make northern hardwoods the premium choice in hardwood flooring among homeowners, architects, designers and the building community.

Aacer is a fully integrated hardwood flooring manufacturing facility. From the selection of northern hardwoods to the drying, precision milling, hand grading and prefinishing, Aacer has control over each step of the process. Managing the entire operation under the Aacer roof, together with generations of experience, allows Aacer to deliver consistent flooring job after job, year after year.

Aacer is a high caliber manufacturer of true Northern Solid Hardwood flooring in Unfinished, Prefinished and Specialty finishes.
