

# ScissorLoc™ III

## FLOATING SYSTEMS

Like all of the Aacer ScissorLoc systems, ScissorLoc III features a criss-cross pattern and solid wood subfloor that creates a dimensionally stable system with excellent natural airflow. With it's high shock attenuation pad, ScissorLoc III provides the ultimate in shock absorption. It's excellent resiliency aids in reducing stress related injuries. This system is a good choice for aerobic floors, dance halls, and cardio kick boxing.
