

NORTHERN WHITE OAK

AACER™

Northern White Oak

Northern White Oak is sought-after by designers and homeowners alike for its European style. The species light sapwood and light to nutty brown heartwood creates a consistent and neutral floor. Longer rays, crotches, swirls and burls give it "character".

Synonymous with high-quality and durability, White Oak flooring has been used in traditional and contemporary settings for more than a century.

MATERIAL WARRANTY

Aacer Flooring warrants that the products have been manufactured in compliance with the grading rules of Aacer Flooring, and will be free from manufacturing defects, which are limited to improper milling or improper drying only. Manufacturing defects do not include natural wood characteristics such as mineral streaks, knots, grain variations, and normal minor differences between color samples and the color of installed floors. These are normal characteristics and are not defects.
